1. C/SE/DDO 5B48			Per Dave Gries' conversation today with C/SE. I've attached a memorandum on how we propose to handle the Congressional notification requirement of the defector citizenship legislation. As you can see, at this point what we have is initial positions to be taken in discussions with the four committees. The subject is <u>hypothetical</u>. If you concur, Dave will send it forward to the DDCI-Designate and the DCI. With their concurrence, we will open discussions with the committees. This is separate from the draft internal Agency regulation on how requests for exercise of this authority will be processed. That draft is, I understand, currently circulating in the DO for comment. Please call [Redacted] for hand-carry.
